## MARKETPLACE

**NEW Metered Access Manager** – Now easily manage expiring titles. Metered Access Manager enables you to create plans to review and optionally create carts of expiring or expired titles in your collection. [Check it out in Purchasing Tools in Marketplace.](#)

**NEW Patron Interests Dashboard** – Your team can access real-time data for Notify Me tags in the Dashboard. Readers use Deep Search in Libby and tag titles of interest with the Notify Me tag. This helps your patrons discover titles not in your collection while you increase patron satisfaction and become the go-to resource for content discovery.

## LIBBY

**Promote Your Library & Your Events in Libby** – Make your brand the first thing readers see when they open Libby. Include your logo and colors, leverage advanced curation tools, and add personal notes to specific titles with Shelf Talkers. Plus, use featured title and Call-to-Action campaigns to promote community reads, fundraising initiatives, and other special programs. In the coming months, you’ll be able to use new self-service tools to create featured title campaigns for book clubs and more. [Learn more at https://resources.overdrive.com/library/libby-features](https://resources.overdrive.com/library/libby-features)

**Magazines and Bookazines** – Enjoy over 4,000 titles in Libby with no circ cap and unlimited simultaneous use including titles in Spanish, Chinese and other languages. Easy for patrons to discover magazines, start reading and subscribe. [Visit the Simultaneous Use section of Marketplace to order.](#)

**Libby Extras with NEW direct links** – Educate and entertain more of your community. Libby Extras can be accessed through the Libby app or with direct links to a customized webpage that allows you to feature each Libby Extra service individually. Visit [resources.overdrive.com/library/libby-features/databases-streaming-media/](https://resources.overdrive.com/library/libby-features/databases-streaming-media/) to learn more.

**NEW Languages in Libby** – The Libby app now supports 16 languages, with **Māori** being the latest addition. Some of the others include: **Danish, Icelandic, Korean, Malay, Tamil and British English**. Automatically displays based on user settings.
